

TESTABILITY FROM COMPRION

→ FOR YOUR IT³ **IT³ VIEWER**

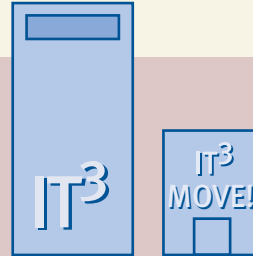

Some things are made for sharing – like the information from your IT³ system. But what do you do when your partners don't have their own IT³? It's simple – use IT³ Viewer. This software package allows you and your partners to view and analyse test sequences recorded using IT³ equipment with exactly the same GUI as on your IT³ system.

COMPRION

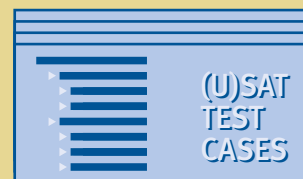

→ FOR YOUR IT³

IT³ VIEWER

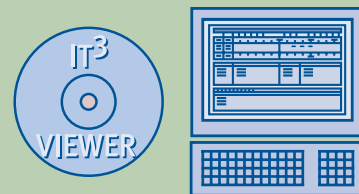

1. Record

2. Transport

3. Analyse

Features:

- The IT³ Viewer lets users view test data on a standalone Windows PC recorded with an IT³ test device.
- The GUI offers exactly the same picture of a test sequence as if the file would be shown with a test device including: search functions, interpretations and translations
- Build-In decompression of test logs using ZIP-file format
- Supports various technologies as GSM, 3G(UMTS), CDMA 2000, (U)SAT

Delivery Content:

- Software CD/Download
- USB Licence Dongle
